# Educator Evaluation Process Review

## Educator Evaluation Process Review

- Good news for Bradford Schools! The Educator Evaluation Process Review is in effect statewide to support school districts in implementing educator evaluations. The department conducts an annual review as required in law to ensure districts are conducting evaluations with accuracy. Each Ohio district will participate in a review once every four years. We are extremely proud of our review letter!

- *“Congratulations to you and your district for conducting the educator evaluation system with integrity as intended in law. Your students will benefit for many years to come.”*
